Modification-1

Florida Department of Transportation - District 5
Attn: Patrick Muench
719 S. Woodland Blvd.
Deland, Florida 32720

Dear Mr. Muench:

Reference is made to Department of the Army permit number SAJ-1998-4316(IP-AWP) issued to you on December 23, 2008, for the widening of U.S. 192 (State Road 530) between the Lake County line east to Captain Kidd Blvd, in Osceola County, Florida.

It has been brought to our attention by a member of your staff that Special Condition number 5 of the above referenced permit incorrectly identifies the use of Reedy Creek Mitigation bank and should instead reference Three Lakes Management Mitigation Area. The correct special condition should read:

Within 30 days from the date of initiating the authorized work or 12 months from the effective date of this permit, whichever first occurs, the Permittee shall provide verification to the Corps that 13.5 federal mitigation bank credits have been deducted from the Three Lakes Management Mitigation Area (SAJ-1994-3415). The required verification shall reference this project's permit number (SAJ-1998-4316(IP-AWP)).

The permit is hereby modified in accordance with your request. You should attach this letter to the permit. All other conditions of the permit remain in full force and effect.

If you have any questions concerning permit modification, please contact the project manager Andrew Phillips at the letterhead address, by telephone at 321-504-3771 or by electronic mail at Andrew.W.Phillips@usace.army.mil.

Thank you for your cooperation with our permit program. The Corps Jacksonville District Regulatory Division is committed to improving service to our customers. We strive to perform our duty in a friendly and timely manner while working to preserve our environment.
